Create the look...

Taking inspiration from charming Mediterranean villas and haciendas, see how you can “Create the Look” in your own home with our fantastic range of products...

Well-known for their cream stucco walls, clay tiles and rustic wood accents Mediterranean villas have a unique appearance both inside and out. To incorporate some of these features into your own bathroom, ensure you focus on a colour palette that draws influence from warmer tones, such as our new Kyoto finish ‘Cotton’ and ‘Brushed Brass’ mineral showers and brassware. Finish with a crisp white, luxurious freestanding bath and natural slate shower tray which is soft underfoot and you will have created your own calming Hacienda-oasis.

RAK-Cloud

The new RAK-Cloud concept is the beginning of a collaboration with the Italian designer Giuseppe Maurizio Scutellà. Fluid lines inspired by geometric swirls combined with changing shapes like clouds lend themselves to multiple interpretations and play with light, producing a soft enveloping effect, culminating in a sophisticated but at the same time functional and welcoming bathroom.

Our traditional toilets are designed to meet the requirements of your home. Our back-to-wall pans conceal pipework, whilst our close coupled styles save space and expense. If you're looking to create a grand period setting, you'll love how the towering design of our high-level toilets instil regal elegance. Alternatively, our low-level toilets offer timeless style and are especially good for bathrooms with low ceilings.

*Practicality or style... why choose?
Our ceramic countertop basins are a great way to get a boutique feel at home. They sit above units and worktops, helping to keep water off the floor. Amplify their look with floating shelves, or instil a semblance of privacy with his-and-her sinks — the choices really are endless.*

The Bath Collection

Baths connect you with the inner you. From boutique glamour to Zen-inspired serenity, they're where alter-egos blossom and awaken.

Our Aquanatural collection is designed to create a blissful oasis and is filled with sleek stone finishes that cater to every taste. Or you can lie back and unwind in one of our Aqua Edition baths, which simplify the task of buying a bath through a wide range of shapes, styles and sizes. Whatever your style, you'll find bath-time has never offered so many choices!

aquanatural™

Aquanatural is a collection of solid surface baths, with the look and feel of natural stone. Sleek, minimalist and incredibly durable, they offer easy maintenance and last for many years.

Each Aquanatural bath is supplied with a free cleaning kit.

aqwa

Aqua baths have a contemporary design mixed with pleasing curves and contours — creating the ultimate bathing experience. From practical single and double-ended baths, to luxury freestanding and whirlpool options, we've got bath-time covered.

Tungstenite Strengthen your bath with a layer of Tungstenite. This durable mineral locks in warmth and offers better support.

With clever crescent designs, the corner bath series are an ideal choice when it comes to maximising space in the bathroom. They easily slot in bathroom corners, provide families with a comfortable place to wash and enjoy bath time. If you like to relax while the bath fills up, you can kill time by perching on the integrated seating areas, which also double up as a space for toiletries. Then simply sit back and unwind in comfort and luxury.

Vogue

Surround yourself with the suave glamour of our Vogue range; a collection of fashion-forward furniture that is, quite simply, breathtakingly unique. Taking organic modern style to the max, strong lines, wood textures and exposed copperwork are cleverly combined to create a raw and natural look with elements of indulgence. Vogue can be fitted wall-mounted, or turned into a floor-standing vanity using a copper leg set.

Heating Collection

Comfort and relaxation should continue after you've stepped out of the shower. That means no arctic temperatures, no frozen floors, and definitely no soggy towels. Luckily, our heating has it covered with a choice of radiators, towel warmers and electric heating — giving you a little extra help when it comes to early starts and frosty mornings. Those in trend mode will love our selection of matt and metallic finishes, which require less maintenance, making them suitable for busy family homes. Our stylish variety of heating valves and elements also allow you to accessorise radiators to your taste.

Finding your BTU

A BTU (British Thermal Unit) rating refers to the amount of heat released each hour by a radiator or towel rail. The number specified is the number required to heat your room sufficiently. The higher the BTU, the higher the heat output — a BTU of 5154 (per hour) will accommodate large rooms, while a BTU of 603 is better for heating items found in bathrooms, such as towels.

Electric radiators are operated by a heating element that's measured in watts. Standard elements heat your space at an optimum temperature (usually between 65-80°); while thermostatic elements allow you to set a desired temperature and gradually works up to that temperature in increments.

We recommend consulting your plumber if you're not sure which BTU or heating element is best for your home.

Why choose an aluminium radiator?

Their incredible heat output makes them five times more efficient than steel.

This means aluminium radiators don't have to be switched on for long lengths of time to heat a room as they don't require as much water.

They're also surprisingly durable due to being less prone to rust, extending the life of your heating system.

Brassware

Nothing creates a bespoke look like a statement tap. And with over 50 stunning ranges to choose from, we're confident we can help you find the perfect finishing touch. We want to turn every element of the bathroom into a pampered experience, which is why our brassware collection offers stylish solutions to common peeves, like dripping faucets and hard-to-mix temperatures. Plus, all of our styles are crafted from solid brass and are fitted with ceramic disc technology giving you durable designs that keep your bathroom's efficiency flowing.

aqua
edition

The Aqua Edition collection is a range of designer brassware for all tastes and budgets. Infusing bathrooms with everything from European style to spa-inspired tranquillity, each tap is rigorously tested to ensure a smooth operation, time and time again.

Finding your water pressure

- LP1** Pressure systems lower than 0.1 bar
- LP2** Pressure systems lower than 0.5 bar
- HP1** Pressure systems over 1.0 bar
- HP2** Pressure systems over 2.0 bar
- HP3** Pressure systems over 3.0 bar

We recommend consulting your plumber if you're not sure which water pressure is best for your home.

Mineral

The Mineral range of brassware is a comprehensive collection of high quality brassware with varying finishes. Taking influence from precious metals this range of brassware can be dressed up with moody hues to create a striking contrast or dressed down with natural tiles for a more serene environment. The design features of curved spouts and cross handles are elegant and timeless ensuring you won't bore of your bathroom for years to come.

Shower Collection

A luxury shower conjures up different images for everyone. Maybe it's a steam shower, or a rainfall shower head. Or maybe it's a shower that simply stays warm when it's on. Everyone's different... therefore, our shower range suits different needs and tastes. From your own personal spa, to powerful pick-me-ups that leave you ready for the day — the choice really is endless! We've also covered every shower type and offer a range of styles from manufacturers from around the world.

Which means the only thing left to decide is your shower style!

Create Your Own

If our ready-made showers don't take your fancy, why not create your own design with these stylish mix-and-match separates?

To find your perfect set, simply choose from the following options:

1. 1-way shower valve + 1 wall or ceiling-mounted shower head or +1 slide rail kit
2. 2-way shower valve + slide rail kit + wall or ceiling-mounted shower head
3. 3-way shower valve + slide rail kit + wall or ceiling-mounted shower head + either a body jet or overflow bath filler tap

Please note: wall-mounted shower heads may require a shower arm.

Which shower valve to select..

Showers offer two functions: they control the flow of your water and the desired temperature.

- Mixer valves mix the hot and cold water flow. The temperature depends on how far you turn the knob or lever.
- Thermostatic valves automatically regulate your temperature, keeping it consistent if water is being used elsewhere in your property.
- All valves are fitted with an anti-scald shut-off device, keeping you safe in the event of no cold water.

Concealed Thermostatic Shower Valves

1-Way Shower Valves

Our 1-way thermostatic valves are managed with two controls. They still supply a single outlet, but one handle operates the temperature, while the other offers better flow management.

Enclosure Collection

We believe a new enclosure is something to look forward to. That's why we want to save you time and energy when it comes to buying yours. It doesn't matter how small your bathroom is, or if you're opting for something different like a wet room, you'll find exactly what you're looking for with our easy-to-install shower enclosures. Get inspired with contrasting frames and finishes, and panels perfect for His-and-Hers showers. And don't forget to take a look at our shower trays, which come in a range of quality materials for a luxury feel underfoot.

aquaglass™

Manufactured in Europe and around the world, our contemporary 6mm Aquaglass range offers affordable enclosures with a premium look and finish. For added luxury, our 8mm and 10mm Aquaglass collection promotes space with increased heights and strengthened glass panels. All Aquaglass enclosures come with Frontline's exclusive Aquashield coating for protection and easy cleaning.

Shower trays are an important consideration when planning your bathroom as they have a big impact on the overall look and feel of a shower enclosure. We offer a wide range of trays to suit the shape of your enclosure, made with quality materials and expert engineering.

Our acrylic shower trays have a flexible design that's easy fit to the floor or raise with an Easy Plumb kit. Available in 80mm or 45mm high, they feature a stone resin base that's durable and easy to clean plus anti-slip finish is also perfect for anyone looking for extra care. If you're looking for a more streamlined look, our slimline acrylic shower trays are only 25mm high - meaning there isn't a big step up, perfect for walk-in showers.

Crafted from stone minerals, our luxury stone trays blend the durability of the Great Outdoors, with the feel of natural stone. Both our stone ranges enhance rustic, contemporary and traditional bathrooms with a touch of Mother Nature providing a luxurious spa feel to enhance your showering experience.

Structure Slate Trays

A designer tray with a difference. The structure slate effect shower trays are inspired by the outdoors, manufactured from a mix of natural minerals and resins to give you a natural and luxury feel underfoot. The slate effect detailing gives the tray the look of natural stone, while a matching waste brings contemporary style to bathrooms.

The slate effect trays have been manufactured with a low profile to create a seamless aesthetic that blends into your chosen flooring whether fitted on top of, or flush to the floor. For easy maintenance, these trays include a removable waste trap that makes an easy job of the cleaning.

Bathroom Lighting & Ventilation

Great lighting and ventilation is important in every room in the house, but it plays a particularly vital role in a bathroom. Choose the wrong light and you wind up going overboard with makeup or shaving in the shadows. Our lighting options are large flush ceiling lights or multi bulb bar lights, which creates a daylight environment no matter the time of day.

What is bathroom zoning?

Light fittings are assigned an 'IP rating' which indicates how much protection they provide against ingress of water. The bathroom area is divided up into 'zones' 0-3 with each zone having a minimum IP requirement that must be met if a fitting is to be installed in this zone.

Walls & Floors

When it comes to creating high impact in the bathroom, it's the details that make the biggest splash. Our Wall collection features items bursting with colour, patterns and textural interest, all designed to take the look of your bathroom to new heights.

You can inject touches of modernity with our new artisan and nature-inspired Aquafloor bathroom flooring, whilst our sustainable Aquawall panels create a seamless wall covering for bathrooms and kitchens.

Aquawall featured in Como Marble

Aquawall MDF Shower Panels

Our Aquawall collection is manufactured from an exterior grade MDF core and finished with a high pressure laminate creating 10.5mm thick panels. Choose from square cut panels or take advantage of our Easyclick technology which achieves seamless joints without the need for joining trims.

Useful Information

Product Specifications

Exceptional service is integral to our business as are outstanding product, design and manufacturing processes. We invest heavily in product development and reserve the right to amend specifications at any time if there is an opportunity to improve the product quality to deliver a better customer experience.

Guarantees

At Frontline, product quality is our number one priority when developing and sourcing new products. We have complete confidence in all the products we sell and every product in the brochure is supported by a manufacturer's guarantee. The duration of the guarantee is dependent upon the product type, please visit www.frontlinebathrooms.co.uk to find out more information on the individual product pages.

Unless specified, guarantees are available on products used for normal domestic use only. Products used in commercial situations, i.e. hotels, schools, residential homes, are not covered by the manufacturer's guarantee.

If you have a guarantee claim you will need to contact your place of purchase in the first instance with the appropriate supporting receipt or proof of purchase.

Colour Samples

Whilst great care and attention to detail has been taken to create accurate and realistic photography for the brochure, the colours shown are representative only. All images can be affected by a multitude of factors such as lighting, surrounding items and print processes.

If you are unsure about anything prior to making your purchase, we recommend visiting your local stockist to view the product or request a colour sample. To view our stockist directory please visit www.frontlinebathrooms.co.uk/directory to locate your nearest Frontline dealer. Alternatively, please use the contact form on our website to request a colour sample.

Please note: The lead time on colour samples is dependent on the supplier and country of origin.

Pricing

All prices are quoted inclusive of VAT which will be charged at the rate applicable on the date of dispatch. The prices charged will be those ruling at the date of dispatch and Frontline cannot be held responsible for any errors or omissions to products or prices.

All products and prices shown in this brochure are correct at the time of going to print.

Frontline reserve the right to adjust prices or apply a temporary surcharge to cover any major increases in the cost of raw materials, labour, transportation or currency fluctuations relating to products advertised in this brochure. Any increase in price is only to ensure that Frontline continues to deliver great customer service to its customers.
