PREMIUM ELECTRIC FIRES COLLECTION 2023

## WELCOME TO CELSI

At Celsi we know how important it is to create a stylish and relaxing living environment. That's why we've developed this collection of premium electric fires.

I believe our success stems from a combination of innovative design, investment in technology and the highest quality manufacturing standards. To reflect my belief in their quality and durability, Celsi fires carry a minimum of 2 years guarantee, with some models extended by a further 3\* years limited warranty.

This brochure has been designed to make the purchase of your new Celsi heater as simple as possible.

I hope you find it both informative and inspiring.

### There is no more versatile fuel for home heating than electricity

With a range that includes beautifully crafted electric suites, feature wall smart fires, classically styled hearth inset fires, and contemporary stove designs, there is a Celsi fire to suit any home. Best of all you are free to enjoy any of these fantastic heating appliances in any room in your home simply by plugging into the nearest mains socket.

To learn more about the features and benefits of owning a Celsi electric fire please sit back and take a few moments to look through our Advanced Features section, along with our technology introduction to assist you in choosing your perfect Celsi fire experience.

## ADVANCED FEATURES

### THERMOSTATIC HEATING

Pre-set your heat comfort level for automatic temperature control via the handset.

### TIMER FUNCTION

Programmable 7-day heating timer with hourly on/off control. Up to 8 hrs sleep timer facility available on some models.

### LED EFFICIENCY

Flame picture, fuel bed brightness, mood lighting, our onboard LED's ensure effective energy saving low power consumption.

### ISOFLAME

Independent flame effect capable of displaying in isolation when no heat is required from the appliance.

### REAL WOOD

100% Real Wood Logs, natural, authentic, and unique. Accept no imitations!

### FLAME FUSION

A captivating fusion of soft and natural yellow flames with an attractive flare of blue flame intensity.

### COLOUR CYCLE

Fix your favourite or go dynamic as you cycle through an array of impressive colour changing options.

### COLOUR SMART

16 colour vibrant presets with 100+ options to customise the light ambience on flames, logs, and ember beds.

### MOOD LIGHTS

An ambient stream of colour-rich LED back lighting. Colours to compliment warm and cool interiors, or simply to suit your mood.

### CELSI SMART APP

Feature-rich and simple to operate. Control your Smart fire or stove from your phone or tablet with full handset functionality. Voice control Alexa and Google Assistant compatible.

Visit App Store or Google Play Store

Scan QR code to download app.

We are confident you are getting a product that is built to last. That's why we offer a 2 Year full Guarantee across our electric fires range, with an extended 3\* years limited warranty on selected Celsi models.

Compliance with Electrical Energy Rated Product (ERP) Integrated design features for optimal energy saving performance and assurance.

Conformity assessed and certified UK & EU

SMART FIRES

## CELSI SMART Electriflame Virtual Reality fires.

Next generation Flame Projection technology creates the flame illusion to the front, the centre, and the rear of the fuel bed. This simulates a totally natural log fire effect that raise the appearance and functionality of electric fires to a new level.

### CONFIGURATION

This range of **built-in 3-sided glass models** offer the perfect solution for your feature wall. Available in three sizes 1000, 1250, and 1600.

E-VR Commodus Smart fires are supplied with side blanking panels giving you the option to customise your installation by converting from a 3-sided fire, to a 2-sided left or right configuration, or to simply install as a single glass fronted wall inset fire.

### COLOUR

Enjoy 16 pre-set ambient colour modes, and over 100+ multi colour combinations to customise the light ambience on flames, logs, and ember beds. To simplify your choice why not relax with a slow cycle through the colour spectrum in our **fully immersive Animation mode**.

### CONNECTIVITY

Get connected with our feature-rich and simple to operate **smart app**. Available to download on the App Store, or get in on Google Play!

### CONTROL

Control your fire from your smart phone or tablet with **full handset functionality**. Further applied smart technology allows you to voice control your fire using Amazon Alexa and Google Assistant.

Scan the QR code to download our app

Virtual Reality – Smart Flame Projection

## BUILT-IN FIRES PAGES 70-75

Controllable LED lights positioned above, beneath, and behind the fuelbed creates an illusion of hot embers, burning logs, and tall ascending flames that deliver a real fire experience. These lights operate with 16 preset colour selections, advanced automatic hue cycle, or custom interactive personal choice from 100+ colour preference on flames, logs, and underbed embers.

E-VR Commodus s1250. 2-sided glass, right side configuration.

E-VR Commodus s1600. 3-sided glass configuration.

# REAL WOOD LOGS

## NATURAL FIRE RANGE

CELSI have taken Ultiflame Virtual Reality fires to the next level. Our most successful natural flame effect is now further complemented with a maximum depth exciting arrangement of real wood logs fixed into a lively 'Active crystal ember fuel bed'

The fire realism is sensational, and the natural wood log arrangement is visually stunning.

This next generation electric fire effect is available in a range of contemporary Firebeams and Suites, each including integrated dimmable LED lighting.

### REAL WOOD

100% Real Wood Logs, natural, authentic, and unique. Accept no imitations!

U-VR Firebeam XL 600 Suite

U-VR Firebeam 800 Suite

U-VR Luminaire 600 Suite

U-VR Skyfall 800 Suite

Active Blazing Embers

Our Firebeam models include wall mounted beams smartly framed by sleek glass with chrome fittings that totally complement this product.

For a larger feature wall suite see our 'Firebeam XL' models, these provide a luxury feature fireplace that requires less wall depth for easy installation.

For a completely fuss-free installation our freestanding suites only require the need to place down and plug in.

CELSI Ultiflame VR fires are premium products with integrated design features for optimal energy saving performance and assurance.

- Curved design
- Woodland ceramic logs
- 16 pre-set colours/100+ custom/Animation mode
- LED brightness control
- Thermostatic remote & manual control operation
- Amazon Alexa and Google Assistant compatible
- Decorative flue pipe available

**CELSI SMART APP**  
 Feature-rich and simple to operate. Control your fire from your smart phone or tablet with full handset functionality.

The Holographic Im-Mesh 3D technology offers an extensive number of colour options and combinations. Explore dancing flame witchery and smouldering logs with Living Ember Bed Technology, a desirable effect at the forefront of the electric stoves market.

This exciting new generation of electric fires features patented technologies. It is economical to run with high quality LEDs. The heater is thermostatically controlled with settings options. The fire is simple to use and can be operated manually, by remote control, or via WiFi using our dedicated Celsi app. The flame picture can be used in isolation to the heat, and is a popular choice when no heat is required during the summer months, offering exceptionally low running costs.

Instant heat can be applied to a room at anytime with full thermostatic control.

#### DISCLAIMER

Our policy is one of constant development and improvement. We therefore reserve the right to revise designs and specifications of our products without formal notice, patents pending. We always recommend our products be viewed in an approved showroom before purchase. Whilst we have taken every care in the preparation of this brochure it is not intended to replace the installation manual which provides more detailed information.

Photography is for illustration purposes only and although every effort has been made to ensure accurate reproduction of typical installations and flame pictures they may vary according to fire model and flue types.

We accept no liability for any loss or damage arising directly or indirectly from the use of this brochure.

We recommend that all our fires are used in conjunction with central heating and not as a primary source of heat.

In the interests of personal safety a suitable fireguard is recommended when children, the elderly and the infirm are present.

This brochure is copyright 2023 and must not be reproduced in whole or in any part without prior written permission.
