

montrose

inspirational bathroom furniture

manufactured in the uk

e n v i r o n m e n t a l

Increasingly our customers are becoming more concerned with environmental issues and here at montrose furniture we recognise this. We can't simply leave it to others to address this important matter, we must play our own active role in protecting both the local and global environment.

Therefore wherever possible only sustainable & recyclable materials will be used in the manufacture of our products, with raw materials being sourced from other environmentally minded companies, like our timber suppliers who provide us with products from responsibly managed forestry sources worldwide. We are also pleased to advise that Montrose is FSC® Certified (FSC® C142674).

The mark of responsible forestry

For more than 25 years, montrose has been creating beautifully designed, hand built bathroom furniture from its UK manufacturing facility. As you would expect of a specialist bathroom furniture supplier, our dedicated team of employees has formed a product range that will answer even the most challenging design brief. The range of styles, finishes and design combinations we are able to offer, provide the perfect blend for your lifestyle choice and budget.

Whilst the bathroom still remains one of the smaller spaces in many of our homes, this doesn't mean it needs to lack inspiration. We are sure you will find our new collection inspires you to make the right choices for your home.

With our attention to detail, eye for quality and continuous desire for improvement you can be sure montrose will exceed your expectations.

confidence & flexibility

The introduction of the montrose lifetime guarantee is only what customers should expect from a specialist bathroom furniture manufacturer. We are very proud of the high quality products that montrose offers and confident of the longevity they will provide to purchasers. Our aim with montrose lifetime is to give you the same level of confidence when making your brand selection.

www.montrosefurniture.co.uk
for full guarantee details

Whilst the montrose range is extremely comprehensive, there are occasions whereby a special size unit may be required to complete the perfect installation & montrose are able to offer this service, please see our retail price list for more details.

montrose 'a world of choice'

with every piece of montrose furniture the features and benefits come as standard. here are just some to consider

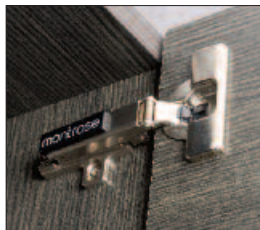

wc and bidet units
with one piece bottom fascia, so there are no awkward gaps

cistern access panel
seamless installations, with easy access

dual flush
simple to operate, with economical water use 3/6 litre flush

cushion closure
an extra touch of luxury, quiet & smooth, with adjustability

bath access panel
complete that co-ordinated look, provide access in the future

gallery rails
providing greater storage within taller drawers

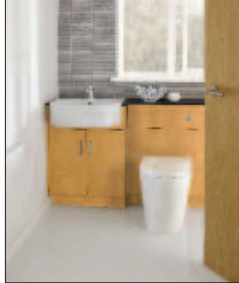

- FLEXIBLE ranges
- EASY installation
- CHOICE of finishes
- STYLISH looks
- QUALITY build
- COMPETITIVE prices
- LIFETIME guarantee

your bathroom...your bathroom furniture...your montrose

guide to choosing

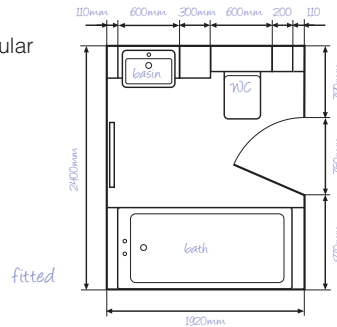

step 1 size of your bathroom

- master bathroom
- cloakroom

step 2 basic layout

- fitted
- inline - modular
- stand alone
- spacesaver

step 3 furniture installation options

- floorstanding
- wall hung 244 or 100mm
- 244mm plinth
- 244mm plinth with longline fronts
- 100mm plinth
- 100mm plinth with longline fronts
- framed

step 4 basins

- sit on
 - gelcast stand alone
 - gelcast inline
 - semi recessed
 - countertop
 - corian / neostone integrated
- See pages 106-113.

step 5 dedicated unit types

- toilet roll holders
 - laundry baskets
 - cutback units
 - bath header units
 - open shelf units
 - curved end units
 - side fillers
 - and many more options...
- See pages 84-90.

step 6 wall space

Storage is at a premium in UK properties, wall units can store lots of your essential items leaving areas clean & tidy. Also using mirrors can increase the perceived space, so consider as part of your overall design, see pages 91 - 93

step 7 door style & finish

One of the fun bits, as this styling will compliment the overall look you want to achieve in the room.

See pages 8-11.

step 8 unit finish

No matter what front finish you have chosen, you are also able to choose from a range of unit finishes to compliment this, at no additional cost.

See page 11.

step 9 handles

31 handle options available, see pages 12-13.

step 10 worktops

- vinyl wrapped & laminate
- neostone solid surface
- dupont corian
- integrated bowls

step 11 LED lighting

Our lighting options, including integrated LED lighting; see pages 94-95.

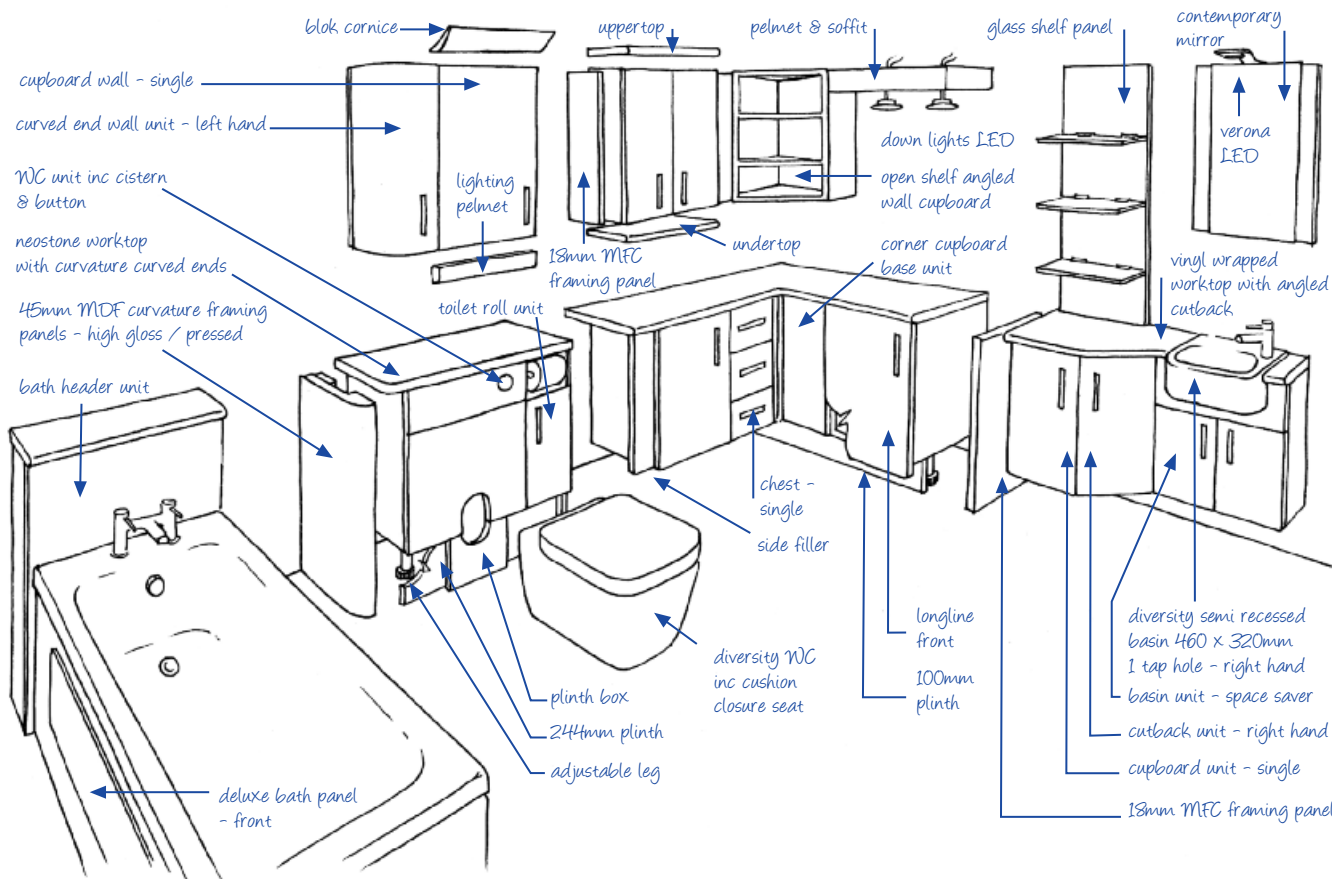

final step the finished look

Says it all & it's individual to you!

bathroom design & layout

Are you looking for assistance with your bathroom design & layout? Many Montrose dealers can offer either CAD (packages such as Virtual Worlds) or will prepare freehand plans & visualisations. These allow you to get a feel for what the room will look like & importantly, to confirm that dimensions of products selected work in the available space. Some Montrose dealers also operate computer software which can quickly generate quotations for the products selected, make sure to ask your dealer how they can help.

You may find when considering your layout, that you require some specific units, perhaps to fulfil a particular function.

... house a toilet roll holder or perhaps a laundry basket

... to assist with your design layout – a cutback or bath header

Whatever the requirement, even if it's only to fill an awkward space which has been left as part of the overall design – side fillers – Montrose's comprehensive range of unit types will undoubtedly be able to provide the answer.

CARCASE FINISHES mix & match

once you have chosen your door style and finish you can choose from any of the following unit finishes*

* units are only available in matt finishes but can be ordered with replacement ends – pressed / hi gloss at additional cost

handle options

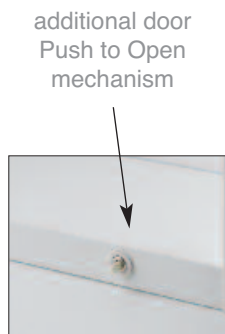

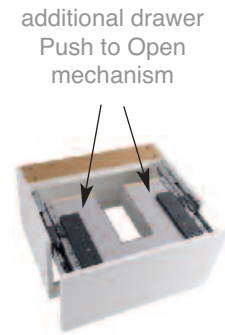

door & drawer opening & closure options

Traditionally Montrose door & drawer systems have always been pull to open & cushion closure, now customers also have the choice of a Push to Open system, suitable for most Montrose door styles. The Push to Open system allows for the surface of your fronts to be totally uninterrupted & is available at additional cost.

your

IN-LINE & FITTED - gallery

[inline furniture]

“

IN-LINE - meaning multiple units which combine to create the impression of a larger modular unit, they are attached to one another & a rear wall but are free standing of adjacent walls

”

[fitted furniture]

“

FITTED - meaning multiple units, which are attached to one another, a rear wall & adjacent walls, spanning the space in between

”

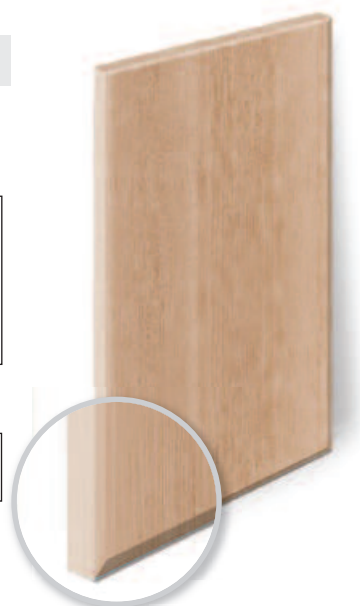

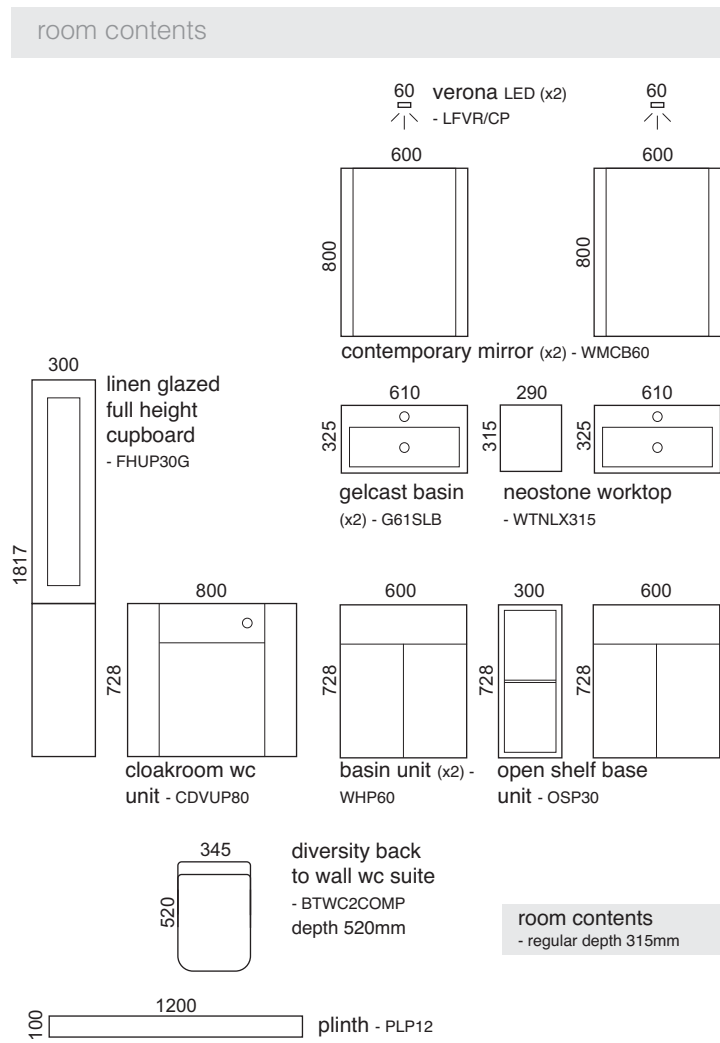

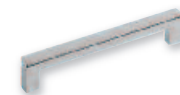

linen glazed tall wall cupboard

FEATURE FOCUS

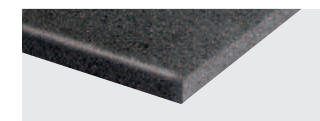

linen glazed units - provide you with great additional storage, a degree of visibility in relation to the items within them but also add some variation to visible doors, which is a pleasing feature when a higher number of units are being incorporated.

toilet roll unit

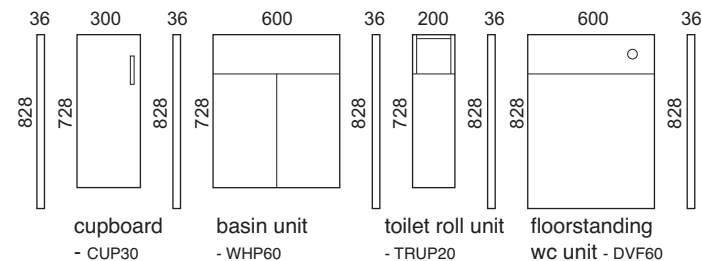

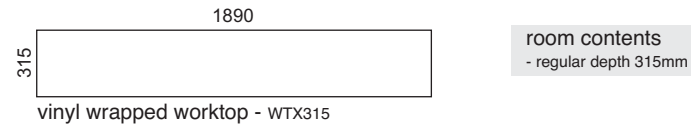

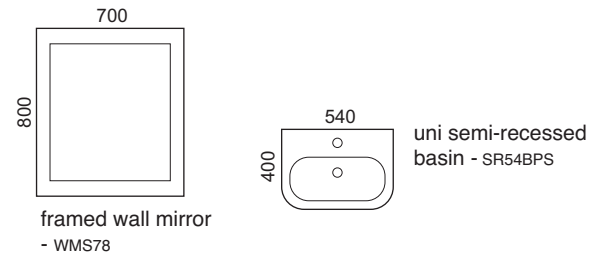

framing panels

FEATURE FOCUS

toilet roll units - provide a dedicated location for this essential of items, whilst also giving additional storage for other bathroom products.

framing panels - make the doors & drawers of your Montrose bathroom furniture seem flush to the carcass, they also provide an opportunity to create a great contrasting look, when a different finish framing is used to the fronts finish. With a number of options, including curved & traditional, framing panels offer truly individual styling.

handless nu-mont

door STYLE

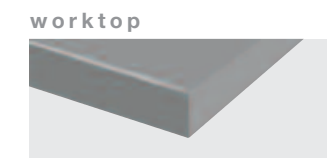

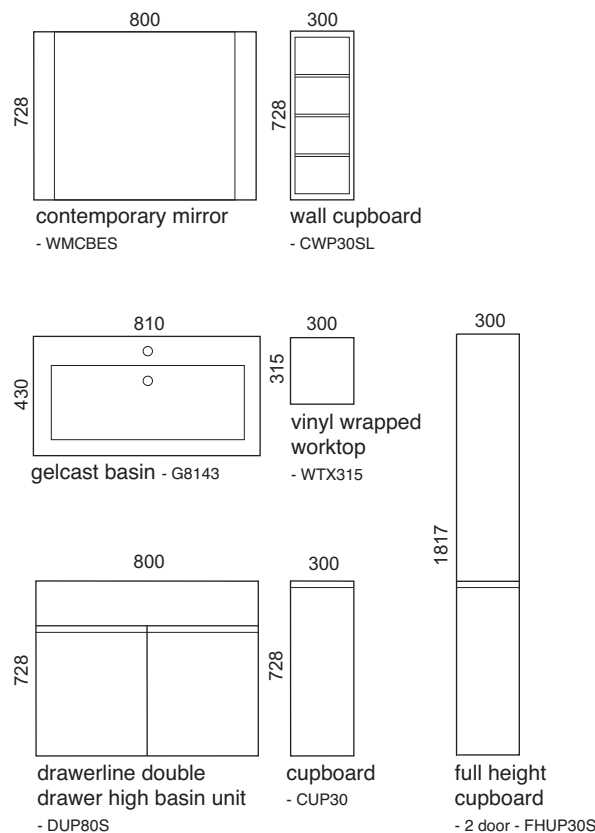

FEATURE FOCUS

handless nu-mont door style - don't want handles choose one of Montrose's handless door styles, for that clean simple look. A concealed chamfer to the rear of the door allows easy opening & contrasting carcass creates a great design effect.

cut backs - provide a pleasing design feature, whilst also proving practical where space is more limited. For instance when back to wall WC's are being fitted cutting back to say Spacesaver depth reduces the overall projection & provides easier access.

additional glass shelves - open shelf wall units can be requested with extra glass shelves (2 number), please ask your dealer to specify at the time of order should this option be required.

FEATURE FOCUS

wall hung - with all our units customers have the choice of wall hanging the units (brackets supplied as standard) meaning that no plinth is required. Installing the furniture like this generally makes the room look larger, as more floor area is visible & this likewise assists cleaning.

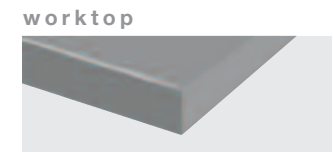

dedicated handle - the Orbit doorstyle features a dedicated strap handle, which gives the design a bold & distinctive look but is also practical, as it is extremely easy to grasp hold of.

slimline - depth units, where available space is tight, Montrose can offer a range of unit depths which deal with & make the most of any size room. With unit depths of 130mm, 225mm, 315mm, 425mm & 575mm, a whole host of options become available to your architect or bathroom designer.

D-line basin unit

curved milan door STYLE

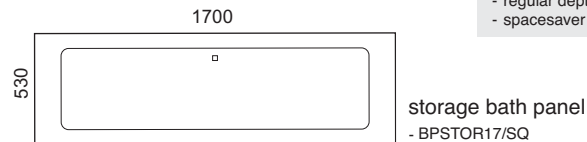

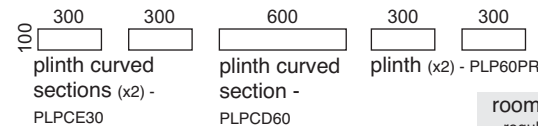

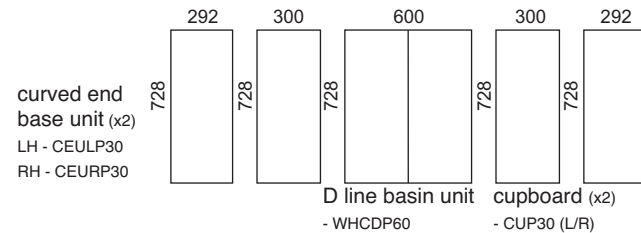

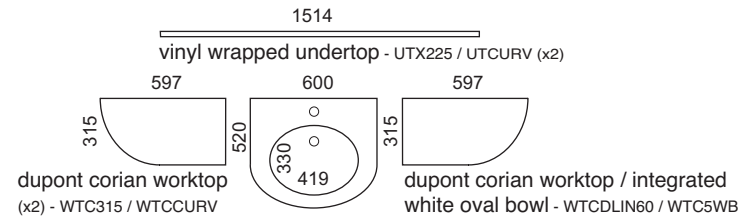

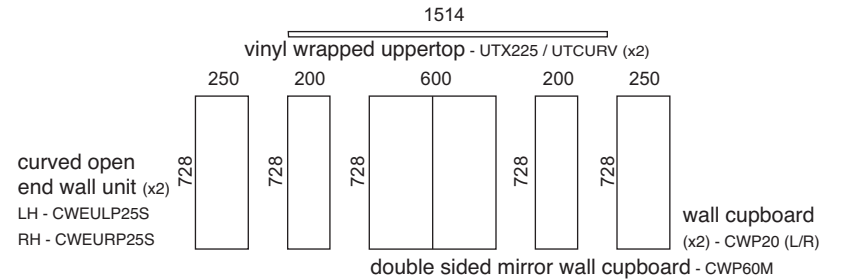

FEATURE FOCUS

d-line - introduce curves into your room, why have just a straight run of furniture, when introducing a curved unit can add interest & also extra storage space, ask your designer what options might be possible for your bathroom.

curved end units - why come to a straight finish when you can do it with a curve? Whether its related to space or just to enhance the look of your layout, Montrose have a range of open shelf & 1 door curved end units which are perfect.

storage bath panel - looking for even more storage space, got a bath in your home, well why not make better use of the area under it. The Montrose storage bath panel lets you do just that, with a hinged door to the panel, allowing access to chrome storage baskets which are positioned to the underside of the bath.

FEATURE FOCUS

Painted vinyl - providing you with the opportunity of a truly bespoke look, choose from any of the above door styles (all can be pressed in paintable vinyl), then select a recognised paint finish from your favourite brand & our paint shop will manufacture your doors to match, in a luxurious Matt Satin finish. Complete the look with clad on end panels, plinths, fillers & worktops to match or compliment with mirrors & bath panels. Whilst painted options do come at a slightly higher price, they allow you to set your design & imagination free.

worktops

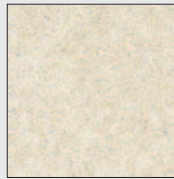

laminite worktops

A hard wearing & highly water resistant worktop material, available in an attractive range of high gloss or natural texture finishes. Laminite worktops will be familiar to many customers already, as apart from being very attractive they provide both a practical & competitive solution.

with squared end

laminite worktop
6mm/6mm front profile

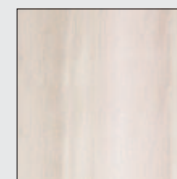

vinyl wrapped worktops

Allowing you to match the worktop finish perfectly, to the finish of your fronts (wood grain & soft), this worktop material remains a firm favourite. Couple this with the ability to form shapes & profile, features normally only available with more expensive worktop materials, wrapped worktops really are an interesting option.

neostone worktops

worktops & upstands neostone

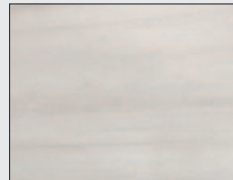

Neostone solid surface worktops compliment our bathroom furniture perfectly. They are produced from a man made modified acrylic, its solid 12mm thickness make neostone a rather unique worktop material. Neostone worktops have the look and feel of natural granite but cut as easily as a standard laminate surface, great in a bathroom environment and easy to fit.

NTX – Natural Texture countertop basins & shower trays, are produced from a compound of polyurethane and mineral fillers, which are compacted to achieve a solid finish. The resulting material has excellent forming properties, allowing the production of the high quality slate effect finish, whilst also providing an exceptionally high resistance to hydrolysis, impact & thermal variance.
